About Tata Institute of Social Sciences (TISS)

Tata Institute of Social Sciences, a multi campus institution deemed to be University under Section 3 of the UGC ACT 1956, and a grant-in-aid Institute under Ministry of Education, Government of India, was established in the year 1936. TISS occupies a unique position among the higher learning institutions in the country and stands out as an institution of excellence that continually responds to the changing social realities through the development and application of knowledge towards creating a people-centred, ecologically sustainable and just society that promotes and protects dignity, equality, social justice and human rights.

TISS offers various Undergraduate programmes in Social Work, Social Sciences, Analytics, Sustainability Studies, and Skill Education, besides Postgraduate programmes and Doctoral programmes.

Tata Institute of Social Sciences (TISS)

School of Skill Education (SSE)

The School of Skill Education (SSE) was established by the Tata Institute of Social Sciences (TISS) in 2011 with the objective of providing industry-integrated, work-based higher education aligned with the National Education Policy (NEP) 2020, National Credit Framework (NCrF), National Skills Qualification Framework (NSQF), and other statutory guidelines. The School offers skill-oriented Undergraduate, Diploma, Postgraduate Diploma, and Short-Term Skill Enhancement Programmes that integrate classroom learning with structured On-the-Job Training (OJT), enabling learners to acquire industry-relevant competencies while earning a recognised university qualification. The programmes are delivered across industry linked locations through a robust network of industry partners and vocational training providers (VTPs) ensuring meaningful career opportunities, lifelong learning and sustainable development.

The school has consistently maintained strong career pathway, self-employment, and higher-education progression outcomes — contributing to the national agenda of building a skilled, employable, and future-ready workforce, in line with Skill India, NEP 2020, and Atmanirbhar Bharat.

Bachelor Programmes

Every individual year of the 3-year degree programmes is a stand-alone certification aligned with the National Skills Qualification Framework (NSQF, 2023) and National Credit Framework (NCrF, 2023) at levels 4.5 for the first year, 5 for the second year and 5.5 for the third year in line with National Education Policy (NEP 2020).
